

INTERNAL MANAGEMENT SYSTEM

Complying with BS EN ISO 9001 : 2008 and 14001 : 2004

QUALITY AND ENVIRONMENTAL POLICY STATEMENT

The policy of the Company is to comply with all relevant legislation, national and international standards in respect to quality, health, safety, and environmental requirements, and to ensure procedures contained within our management systems are implemented.

Operating to these procedures allows the company to minimise environmental impacts, pollution, and apply disciplines to have due effect on quality, health and safety during manufacture of our products in accordance with legislation, national, or international standards.

We are confident that our products meet the requirements for which they have been designed, by implementing our management systems.

The overall structure of the company is covered by the management systems and the associated documentation to which they refer. Continued effectiveness and performance of which is maintained through regular audit and management review.

Responsibility for the quality management system is vested in our quality manager, and the environmental management system in our safety / environmental advisor, who are independent from production and answerable to the managing director.

The quality manager and safety / environmental advisor have complete authority, organisational freedom and responsibility to initiate or recommend solutions on all matters related to quality, health, safety, and the environment.

This statement has been prepared to encompass quality, health, safety, and environmental philosophies held by the Company to which we will be committed, during all phases of contracts.

The Company sets targets, objectives, and continues to improve the degree of conformance and to achieve this in the most cost effective way commensurate with commercial considerations.

It is the responsibility of all employees of the Company to adhere to this policy statement and all essential procedures and instructions issued.

Signed: 
N Boyles
Managing Director
